

# Nighthawk Tattoo

**FOR IMMEDIATE RELEASE**

## **NIGHTHAWK TATTOO GRAND OPENING**

*Local tattoo studio changes location for the first time in 23 years*

Our new location is now up and running!

Nighthawk Tattoo, a long time downtown Guelph institution, has closed doors, only to reopen them in the South end offering Guelph's first 'full-service' body modification boutique. The same great artists and staff welcome you to join them at the new studio, featuring custom tattoos, piercing and NOW including professional **laser tattoo removal**.

Whatever your reason to remove your tattoo (to make room for new work, to erase that youthful mistake, etc) we offer safe, simple and effective laser removals with our expertly trained Laser Technician and the latest in laser technology.

Established in 1992 by Laurie Stewart, Nighthawk Tattoo and Gallery is proud to be the City of Guelph's premiere tattoo and piercing studio, and has been setting the standard for body art in Guelph for over 20 years. The move to 951 Gordon St (Gordon and Kortright) allows us to continue to provide the best in tattooing, piercing and state-of-the-art tattoo removal services that we're famous for, in a better, brighter location with free customer parking and wheelchair accessibility. We also know that a huge portion of our client base live in and around this area, which means convenience and ease when it comes to your next visit to Nighthawk Tattoo!

Safety is paramount at our studio. In addition to providing our clients with quality custom tattoos and professional body piercings, our goal is to educate our clients and to promote body art health and safety information to the community at large. Professional Piercer and educator, Mark McAlpine works directly with the Wellington-Dufferin Guelph Health Unit on Body Art health and safety presentations to area schools, as well as independent presentations at the University of Guelph, The Hillside Festival, The John Howard Society, and to other health providers and organizations in Guelph and surrounding area.

**Sunday, January 18<sup>th</sup> we invite you to stop by the shop between 1- 4pm and join us for our grand re-opening. Pizza and cupcakes to enjoy, and prizes to be won for our loyal customers.**
